

North Tour

Departure from the city: 8:30

Towards Roça Bela Vista – Wonderful Roça, which portrays perfectly the era of colonialism and its imposing organization.

River Douro Waterfall – One of many waterfalls in the green landscape.

Roça Agostinho Neto – The most important Roça (Plantation) of the country. It is today home to about a thousand people, mostly concentrated in the old slave quarters. Affectionate children, so eager for distraction as the many adults who work the land or see passing the time lost in the warm rain or muggy weather.

Tamarinos beach - Almost deserted during the week, on the weekend is frequented by the locals, quite often accompanied by powerful sound systems and thermal bags loaded with beers. Hearing the silence during the week or the excitement of the weekend is always a pleasure enjoy the warm temperature this sea waters.

Lagoa Azul Beach - A colored sea, painted of blues, turquoise and greens with the water temperature around 27°C, surrounded by a green landscape and white sand. In this place reigns the calm and the silence is only interrupted by the harmonic sounds of the nature.

City of Neves - The Capital of Lembá District is an important industrial center of São Tomé and Príncipe. Located in a lowland that ends on a couple of hills below the Pico of São Tomé, which is the highest point in the island.

Roça Ponta Figo – A Plantation (“Roça”) given to the locals who habit there.

Mucumbli Resort – An Eco Resort with a wonderful landscape that is an excellent place to appreciate a drink in good company.

The Monument to the Discoveries (Ana Ambó) - The portuguese sailors Pedro Escobar and João de Santarém first arrived in this place and they named the island São Tomé because the day of the discovery (December 21, 1470) was also St. Thomas' day.

Roça Diogo Vaz - one of the well conserved, both in terms of historical buildings and natural resources.

Santa Catarina Tunnel – A tunnel that crosses the green mountain.

The meal is included.
